

# Contract Services

## Comprehensive Construction and Contract Expertise

Meeting the comprehensive needs of Contract Bond users.

### Our vast knowledge of the construction industry sets us apart.

When it comes to construction and manufacturing, no two companies are the same. At Liberty Mutual Surety™, we understand this and work to provide you with tailored bonding solutions that address the business challenges unique to your business. Through underwriters located across the country, we work with independent agents and brokers to deliver unparalleled contract underwriting expertise, consistent capacity and predictable, responsive and professional service.

#### Stable Relationships

At Liberty Mutual Surety, our contract underwriters build stable, lasting relationships by personally getting to know our agents and brokers and the customers we mutually serve. Through visits to contractor operations and job sites, we foster open lines of communication and build mutual trust. Our contract underwriting specialists are specifically trained to understand the unique construction, financial, and operational aspects of each business. We provide underwriting transparency to help agents, brokers, and customers understand how we approach each business and their bonding needs.

#### Extensive Underwriting and Business Expertise

Liberty Mutual Surety performance and payment bonds back a variety of contract projects across the nation. Our project and bonding expertise extends to both manufacturing and a range of private and public construction. Our customers include local, regional, national and multinational contractors across a variety of construction sectors including construction management, heavy infrastructure, general construction, power generation, education, health, underground, subcontracting and specialty.

To learn more, visit [www.LibertyMutualSurety.com](http://www.LibertyMutualSurety.com), or contact your independent agent or broker.

#### Consistent, Responsive, Capacity

Backed by the financial strength of the Liberty Mutual Group, a Fortune 100 company, we have one of the highest U.S. Treasury Underwriting Limitations in the surety industry. We focus on contractors, manufacturers and suppliers from first bond to multi-million dollar backlogs of up to \$750 million, and higher for qualified companies. Through affiliated companies and fronting relationships, we are a leading provider of foreign bonds for U.S. companies and domestic bonds for foreign companies operating in the U.S. Whatever your bonding needs, we have the bonding capacity to fit your single and aggregate program bond needs in direct relation to a customer's credit quality, and the nature of the required surety obligations.

#### Value-Added Services

Our underwriters are supported by teams of in-house technical specialists including CPAs, engineers, and attorneys. Moreover, our professional claims representatives are available to work with agents, brokers and customers to prevent problems and achieve quick resolution of problems when they arise.
